HOW CAN I GET ANOTHER DIRECTORY?

March 2025 was our final printed directory. Our Directory is now online at Geneseo.com under the phone tab click on Online Directory.

If you have further questions, contact us at 309.944.2103 or stop by the office in Geneseo. Paper copies of the directory are available upon request. If you are not a current telephone customer there is a small fee.

GENESEO

Geneseo Communications
111 E. First St.

USE THIS DIRECTORY FIRST

Many calls to "Directory Assistance" are unnecessary since they are for numbers which are listed in this directory. There is a charge associated with the use of "Directory Assistance." You may avoid extra charges and get your call through faster by using this directory.

DIRECTORY LISTINGS

The company telephone directory is updated once each year. The company Online Directory is real time. With your telephone service you receive access to a local online telephone directory and a published directory listing. Two people with the same last name and telephone number (such as a husband and wife) can be listed together at no extra charge.

For an additional charge you can:

- Request additional residential listings for other family members or people who share a telephone number and want separate listings in the white pages.
- Request your telephone number not be published in the online directory and not be available through Directory Assistance. This is called a non-published number.

HOW CAN I CORRECT A DIRECTORY LISTING?

The telephone company assumes no liability whatsoever for damages arising from errors or omissions in the making up or publishing of this directory. Our company representative will do everything possible to correct a mistake in the Directory listings. If your listing is incorrect in any way please call us at 309-944-2103.

USE THESE TIME-SAVING TIPS WHEN LOOKING FOR INFORMATION IN THIS DIRECTORY

- **Initials precede first names:** "Jones A" comes before "Jones Albert"
- **A name with a prefix is one word:** "MacNeil" follows "Macnab"
- **Letters listed as names appear at the beginning of each section:** "W&W Appliance" appears before "Wabash"
- **"The" comes last in the listing:** "The Brown Company" is listed as "Brown Company The"
- **Spelling may vary:** "Brown" may be listed as "Browne" or "Braun"
- **Numbers, although not always spelled out, appear alphabetically by spelling:** "21 Cleaners" appears in the "T" section
- **St. (Saint), Mt. (Mount), Ft. (Fort) will remain abbreviated, but will be alphabetized as though they are spelled out.**

Henry County Economic Development Partnership
Henry County 4-H Foundation Inc.
Royal Family Kids Camp
Safe Families for Children
Sols Legacy

The Geneseo Communications Charitable Foundation was established in 2001 to benefit the customers of Geneseo Communications. Since its inception, we have granted over \$1,000,000 in funds to a variety of local 501c3 organizations. If you are a 501c3 organization and would like to request a grant, please fill out the Geneseo Communications Charitable Foundation Grant Application form on our website at www.geneseo.com and return it to:

Attn: Charitable Foundation
Geneseo Communications
111 E First St
Geneseo IL 61254

HOW TO MAKE DIRECT-DIAL CALLS

will place your call faster. After dialing, allow at least 45 seconds for ringing to start.

Example 1: To call Dublin, Ireland dial: 011+353+1+number you are dialing.

Example 2: To call Greenland (has no city codes) dial: 011+299+number you are dialing.

HOW TO MAKE OPERATOR ASSISTED CALLS

How to use this chart:

- The Country Code is the bold number following the country name which is in all caps.
- City Codes are the number to the right of the city name.
- An asterisk (*) indicates the country has no City Codes.

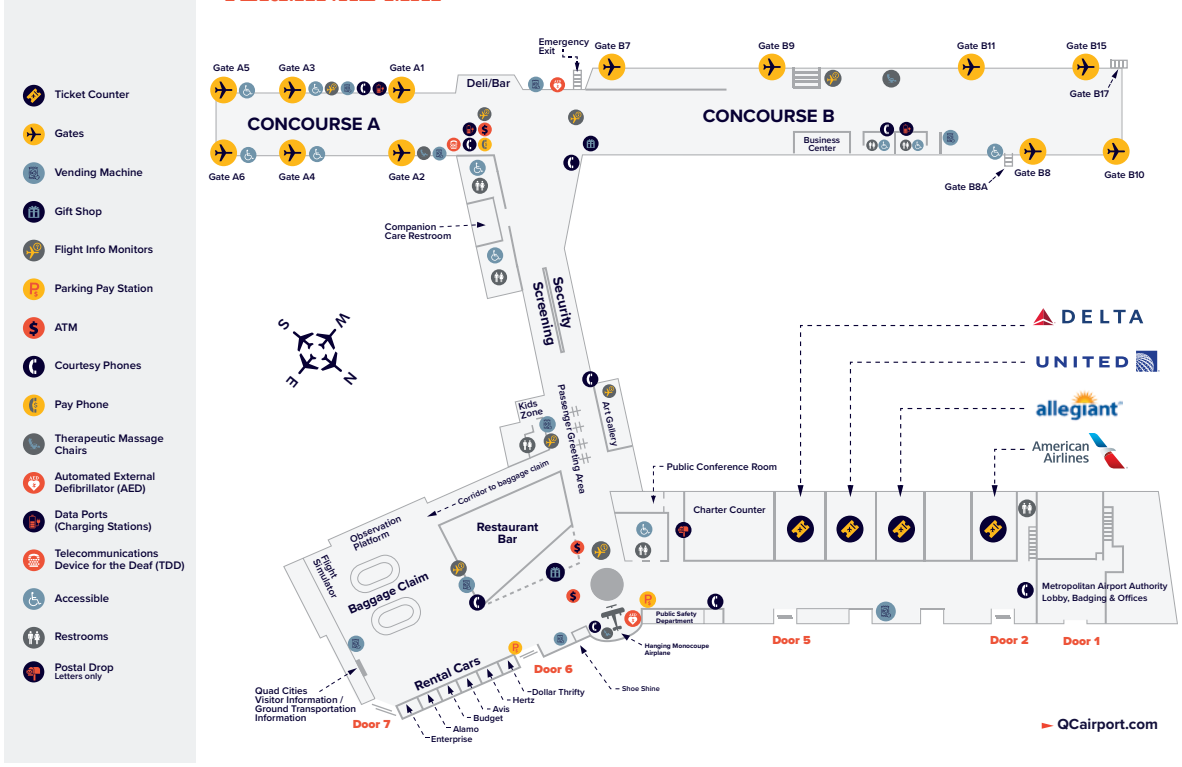

You can obtain other international codes not listed and any special instructions from your long distance company.

2026 ONLINE DIRECTORY

March 2025 was our last printed Directory.

Now you can access it anytime at www.geneseo.com. Click the Online Directory link under Phone.
Or access it via your online account (see instructions below).

INTENT TO DEFRAUD

It shall be unlawful for any person to obtain or attempt to obtain, by the use of any fraudulent scheme, device, means or method, telephone or telegraph service or the transmission of message, signal or other communication by telephone or telegraph, or over telephone or telegraph facilities with the intent to avoid payment of the lawful price, charge or toll therefore.

Any person who violates any provision of this statute is guilty of a misdemeanor and upon conviction shall be punished by confinement in the county jail for not more than one year or by fine not exceeding one thousand dollars, or both such fine and confinement.

ILLINOIS RESTRICTED CALL REGISTRY

Illinois law protects residents from certain unwanted telemarketing calls. For more information about the Restricted Call Registry and how to enroll, go to www.donotcall.gov or call 1-888-382-1222. For TTY, call 1-866-290-4236.

WARNING:

Illinois law defines harassment by telephone as:

- Making any comment, request, suggestion or proposal which is obscene, lewd, lascivious, filthy or indecent with an intent to offend; or,
- Making a telephone call, whether or not conversation ensues, with intent to abuse, threaten or harass any person at the called number; or,
- Making or causing the telephone of another repeatedly to ring with intent to harass any person at the called number; or,

- Making repeated telephone calls, during which conversation ensues, solely to harass any person to the called number; or,
- Knowingly permitting any telephone under one's control to be used for any of the purposes mentioned herein.

Any person violating these provisions shall be fined not more than five hundred dollars or imprisoned in the county jail for a period of six months, or both.

ELIMINATION OF THE DIGITAL DIVIDE

The Eliminating the Digital Divide Fund (EDDF) is a donation-based fund to sustain digital equity work in Illinois. Originating from the Eliminate the Digital Divide Law, passed in 2001, and updated in 2025, the EDDF can be used to support digital equity programming such as digital skills classes, providing free or low-cost devices, helping individuals enroll in low-cost internet plans, and more across the state of Illinois. Donations from internet service providers, companies, and individuals will fund digital equity initiatives like: Community Tech Centers, Digital Skill Classes & Curriculum, One-on-one Tech Support, Low-cost laptops for communities.

Customers wishing to participate in the Program to Foster the Elimination of the Digital Divide may do so by electing to contribute on a monthly basis. You may cease contributing at any time upon providing notice to your telephone company. Any contribution made will not reduce your monthly bill for telecommunications service. If you have any questions about the Digital Divide please feel free to contact your telephone provider's business office or visit www.commerce.state.il.us.

LIFELINE

LIFELINE is a program established to help pay the monthly charge for local telephone or broadband service. This federally funded program is available to qualifying low income consumers. If the qualifying low income consumer voluntarily elects toll blocking while initiating LIFELINE service, a deposit is not required. LIFELINE will support stand-alone broadband service as well as bundled voice and data service packages. One benefit per household.

WHO IS ELIGIBLE FOR THIS PROGRAM?... To be eligible for this program you must be a recipient of one of the following: SNAP, Medicaid, Veterans Pension, Supplemental Security Income (SSI), HUD Federal Public Housing Assistance, Tribal, along with income-based eligibility.

WHERE CAN I APPLY FOR THE LIFELINE PROGRAM?... For additional information or enrollment, contact our business office at 309-944-2103 or 1-800-852-3611, or apply online at lifelinesupport.org

WHAT IS IT?

Illinois Relay Service is a 24-hours-a-day, seven-days-a-week service provided by your telephone provider in cooperation with the Illinois Telecommunications Access Corp. (ITAC). The service is a communications link between those who use a Text Telephone (TTY) and those who use a standard voice telephone. TTY's are special typewriter style devices used by persons who are hearing impaired, deaf or voice impaired to communicate through the telephone.

HOW DOES IT WORK?

Specially trained operators relay conversations between TTY users and hearing people who use a standard voice telephone. The relay operator types the hearing caller's spoken words to the TTY caller. The operator then speaks the typed words received from the TTY caller to the hearing person. The operator acts as a go-between throughout the entire conversation.

All calls made through the Relay Center are kept strictly confidential.

Employees may not disclose any communication they have seen or heard, and no record of the call is kept, other than for billing purposes.

A special feature, known as "voice carry over" makes it possible for a deaf or hearing impaired caller with good speech skills to talk directly to the hearing caller. With this feature, the relay operator types only the hearing caller's voice response back to the TTY caller.

HOW DO YOU USE THE SERVICE?

Callers can contact the Illinois Relay Center, located in Chicago, by dialing:

7-1-1

- TTY Callers dial 1-800-526-0844
- Voice Callers dial 1-800-526-0857

HOW ARE CALLS BILLED?

Calls completed through the Relay Center are billed at regular telephone company rates. There are no extra charges. For example, a person in Springfield calls a friend in Carbondale using the Relay Center. The person will not be billed for the call from Springfield to the Relay Center in Chicago, or for the call from the Relay Center to Carbondale. The caller is billed only for a direct call between Springfield and Carbondale.

Billing options include collect calls, calling card calls, calls billed to a third number and person-to-person calls.

WHO DO I CALL IN AN EMERGENCY?

Relay operators do not have access to 9-1-1 emergency centers. TTY users should dial their local TTY emergency numbers directly. If, during an emergency, the TTY caller provides a phone number that can be directly dialed, the relay operator will attempt to complete this call.

For complaint resolution contact:

Illinois Commerce Commission
Consumer Service Division
527 East Capitol Avenue
Springfield, IL 62701
1-800-524-0795
1-800-858-9277 (TTY)

ARE OTHER SERVICES AVAILABLE?

ITAC also distributes TTY's at no charge to qualified Illinois residents. For more information on the TTY Loan Distribution Program, or the Telecommunications Relay Service, write to:

ITAC
3001 Montvale
Springfield, IL 62704
1-800-841-6167 (Voice)

Manage your Account Online!

Our Online Bill System is designed with features to help serve you better!

Manage Your Account Online - Anytime, Anywhere

Our Online Bill System offers you:

CONVENIENCE – Access your account from any location with Internet access. View your bill, services and account activity. Plus, with a variety of payment types and options you have the freedom to choose when, where and how you pay.

CONTROL OF FINANCES - With 24 x 7 access to our Billing System you have the flexibility to manage your services, setup automatic online payments or make a one-time payment. With electronic invoicing, not only do you not have to mail the check, but you can digitally monitor your account activity.

EMAIL REMINDERS - Avoiding late payment fees is easier when a reminder is sent out on or near the due date of a payment. Make sure you email account is attached to your online account!

PAYMENT FLEXIBILITY - Setup automatic online payments from either your credit card or your bank account. We realize you need options that best fit your financial needs. Utilizing our online payment options makes paying your bill as easy as paying for your morning coffee.

Login Today! www.Geneseo.com click on 'My Account'

SET-UP YOUR ACCOUNT

First-time login

- Go to www.geneseo.com and click 'My Account' in the upper right corner.
- Click on the "Don't have an account? Register here -->"
- When prompted enter your invoice number and total amount due as it appears on your most recent bill statement.
- You will be directed to register your account. Please enter a valid email address and password. Note: You MUST provide a valid email address for account setup.
- You will receive a welcome email. Follow the steps listed in that email to complete setup.

Already registered users

- Go to www.geneseo.com
- Click on 'My Account' in the upper right corner.
- Login in with your current account credentials.

LONG DISTANCE CALLS

You must dial 1 + 309 + phone number for all direct-dial long distance calls within the 309 area code. If you have any questions about the dialing procedure for long distance calls, please contact our Business Office at 309-944-2103.

DIRECTORY ASSISTANCE DIAL 411**

You can use 411 for all of your directory assistance needs. 411 is the quick and easy way to get:

- Local numbers
- National numbers
- 800 numbers
- any name or address, anywhere!

411 is the only number you need to dial when you need a phone number in the United States.

- NO sign-up fee
- NO registration
- NO monthly fee
- NO commitment
- Optional call connect*

**charges apply

BUSY SIGNALS AND NO ANSWERS

If you get a "busy" signal or if no one answers the telephone you are calling, hang up and try the call a little later. No charge is made on uncompleted calls.

CHECK YOUR LONG DISTANCE CARRIER

Dial 1-700-555-4141.

There is no charge for this call.

**For local calls from 441, 489, 707, 845, 933, 944, 945, 946, and 949**

Dial just the area code (309 or 861) and phone number to call:

- Andover (521, 845)
- Annawan (710, 935)
- Atkinson (552, 936)
- Cambridge (707, 937)
- Geneseo (441, 489, 933, 944, 945, 946, 949)
- Osco (522, 845)

For local calls from 935

Dial just the area code (309 or 861) and phone number to call:

- Andover (521, 845)
- Annawan (710, 935)
- Atkinson (552, 936)
- Cambridge (707, 937)
- Geneseo (441, 489, 933, 944, 945, 946, 949)
- Hooppole (815-948)
- Mineral (288)
- Osco (522, 845)

For local calls from 936

Dial just the area code (309 or 861) and phone number to call:

- Andover (521, 845)
- Annawan (710, 935)
- Atkinson (552, 936)
- Cambridge (707, 937)

- Osco (522, 845)
- Orion (234, 526)
- Woodhull (334)

*Toll Charges will apply to calls connected outside your service area.

CORDLESS PHONES

Some phones, like cordless phones, operate on radio channels. A neighbor's cordless phone may be on the same frequency as your cordless phone. This may let calls you do not know about be charged to your bill or may cause interference on your line.

We have no control over these phones or the radio channels on which they operate. If one of these situations develops and you are using a cordless phone, you may want to stop using that phone. You are responsible for the equipment you use on your line and calls that are dialed from your phone line.

WE WILL REPAIR THE PHONE LINES

Your telephone company will repair problems with outside phone lines free of charge. If you are having trouble with your home or business phone lines, call Repair Service at 309-944-2103.

If we make a service repair visit to your home or business, and find that the problem is caused by either telephone equipment that you own or your inside wiring, and you do not have an existing maintenance contract with us, charges will apply.

Your telephone company is responsible for the telephone cable up to your home. You, the customer, are responsible for your inside wiring and jacks (please see diagram on page 39). You are also responsible for any equipment connected to the telephone line that is not leased from your telephone company. This includes: cordless phones, answering machines, fax machines, computers, caller ID units, satellite dish receivers, novelty phones, etc.

MAINTAINING TRADITIONAL TELEPHONE WIRING INSIDE YOUR HOME OR BUSINESS

*Excludes Voice over Internet Protocol (VOIP)

Includes non-fiber dial service copper or non-fiber phone. Once telephone line wiring is installed in your home or business, maintaining it becomes your responsibility. Protect yourself with an Inside Wire Maintenance Plan.

The Inside Wire Maintenance (IWM) Plan is an optional service for non-fiber dial tone service copper phone that provides repair protection for the telephone jacks and wires inside your home or business.

Within safe environmental conditions, IWM covers:

- Damage to the telecommunication wires traveling from the network interface device (NID) up to and including the phone jacks inside the main premise.*
- Service call charges, diagnostic service and repair to all properly installed telephone inside wires and jacks.
- Repair and/or replacement of any new and existing wire and jacks that develop service problems.

*Note: Repair of inside wire in buildings off the main premise will be covered at the normal labor rate.

IWM does NOT cover repair or replacement of:

- Telephone instruments and other devices, such as computer modems and answering machines connected to the inside wire and jacks. Service call charges will apply for problems isolated to customer provided equipment.
- Multiple lines that use equipment that is part of a telephone system purchased from a vendor other than our local telephone company.
- Damage caused by acts of God and willful damage.
- Customer wiring that does not meet the National Electric Code Material Standards for carrying telephone signals.

Protection under the Inside Wire Maintenance Plan begins immediately for new customers and six weeks after enrollment for existing customers. The plan will cover the cost to repair or replace your phone wiring between the network interface device (which is usually a gray box attached to the outside of your residence or business) up to and including your jacks inside the premise. Installation of non-standard wire is not covered under this plan. Non-standard wire is wiring that does not meet telephone industry standards or the National Electric Code Material Standards for carrying telephone signals. Other restrictions may apply.

CALLING REPAIR SERVICE

When your phone does not work, the problem could be with your phone or in the line. Whether you are a residential or business customer, you may save some charges for repair trips if you try to troubleshoot the problem before you call Repair Service.

PROBLEM	CAUSE	SOLUTION
No dial tone or noise / static on the phone	Equipment problem	Plug a known working phone into the jack. If there is a dial tone, the problem is with the original phone.
	Jack/wiring problem	Plug a known working phone into the jack. If there is NO dial tone, the problem is with the jack or wiring.
No dial tone on all phones	One phone is off the hook causing no dial tone on all phones	Check all phones to ensure all are hung up properly.
	Modem/fax line still connected	Check modem/fax line to ensure it is disconnected.
	Line disconnected	Is your billing current?
No dial tone or noise/ static on all phones	Equipment problem	Unplug all phones and equipment from the phone jacks. Wait 20 minutes then plug the phones or equipment back in one at a time, checking for a dial tone after each piece of equipment is plugged in. Equipment includes: fax, computer, caller ID, satellite.
	Line Problem	Test the line by connecting directly to the telephone demarcation point (referred to in this directory as the NID, or Network Interface Device). Please see the following page for information on accessing the NID.

Figure A

On the outside of your house, you'll find a box similar to the box shown in **Figure A**. This box is called a **Network Interface Device** and is referred to as the "NID." You'll also hear this referred to as the "demarc" or "demarcation point." On the right-hand side of the NID you'll find one bolt and one screw. To gain access to the test jack, loosen the small screw as shown in **Figure B**.

Figure B

Figure C

To open the NID, you will need to push in on the snap as shown in **Figure C**. An open NID is shown in **Figure D**.

Figure D

Figure E

To gain access to the test jack, you will need to open the lock hasp as shown in **Figure E**. To open, push in on the cover latch and pull the lock hasp open.

Figure F

To test, plug in a working phone to the RJ11 jack shown in **Figure F**. If your telephone works as normal (meaning you hear a dial tone and can make phone calls) there are no problems with the service line. If you do not hear a dial tone, you should close the cover and call your telephone company repair department; 309.944.2103.

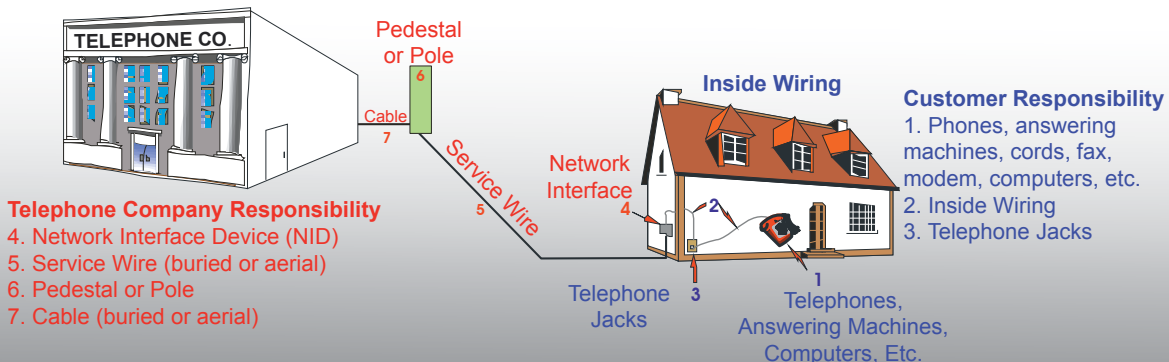

Whose Responsibility is it?

**For non-fiber dial-tone services*

It could be yours unless you have an Inside Wire Maintenance Plan!

Pennies a day can protect your home or business from repair charges!

Inside Wire Maintenance is an optional service that provides repair protection for the telephone jacks and wires inside your home or business.

BROADBAND INTERNET SPEED SUGGESTIONS

BROADBAND INTERNET FREQUENTLY ASKED QUESTIONS

WHY DO I HAVE TO HAVE A MODEM FROM YOU?

Our Modems are compatible with our Broadband switching equipment and allow us to better support your service. Our modems are FREE with 2 year service agreement or a minimal monthly fee with no agreement.

DO YOU OFFER FREE TECHNICAL SUPPORT?

Yes, we offer 24/7 free technical support. Call 309-944-2103 anytime.

WHAT BROADBAND SPEED DO I NEED?

See above grid.

WHAT IS COVERED UNDER YOUR FREE TECHNICAL SUPPORT?

We support your Broadband service and will take the necessary steps to insure your Broadband service is functional including a service call to your home or business if necessary during normal business hours. If it is determined during a service call the issues you are experiencing are due to CPE (Customer Premise Equipment) or user error you may be charged a service call fee.

RESTART NETWORKING EQUIPMENT

Shut down your computer. After the computer is shut down, unplug the power cord from the back of the modem (and router, if installed). This is only unplugging it from the back of the equipment and not the wall. Wait sixty seconds. Plug everything back in and restart the computer. Try pulling up a web page.

Back of the modem

(Note: Do not depress the reset button on your modem. If depressed for more than 10 seconds consecutively, the modem defaults will be removed and the modem will no longer work correctly. This will result in the need to exchange the modem and reconfiguration charges will be incurred.)

IP CONFIGURATION CHECK (for non DHCP customers)

Click Start button. Click Control Panel. Click the Network Connections. (If your screen says pick a category, you will first have to select Network and Internet Connections.) Right click Local Area Connection icon. Left click on properties. Double click on Internet Protocol (TCP/IP). Verify your IP address, subnet mask, gateways, DNS numbers (2). You should have all five lines filled in. Your IP's were provided on your new install paperwork.

DHCP CONFIGURATION CHECK

If your Broadband is automatically assigning the Internet Protocol (IP) address, please see directions for setting your computer for DHCP below. (Dynamic Host Configuration Protocol).

PHYSICAL CONNECTION CHECK

Verify that your telephone cord connects directly from the wall jack to the modem (use modem port labeled "line" if present). Do not use a splitter, surge protector or line filters. Plug Cat5 (looks like a fat phone cord) cable into the back of the modem and connect the other end into the back of the computer.

If you need additional troubleshooting assistance, please call

309-944-2103

for 24/7 Internet Support

DHCP - DYNAMIC HOST CONFIGURATION PROTOCOL

Follow the appropriate steps listed below to automatically assign an Internet Protocol (IP) address:

MAC

1. Click Apple menu
2. Click System Preferences
3. Click Network.
4. Click the network port configuration for your account (such as Ethernet) in the list at the left.
5. Click the Configure pop-up menu.
6. Click Using DHCP

WINDOWS 7/8/10

1. Click Start
2. Type ncpa.cpl into start menu search box
3. Network connection will pop up
4. Right click Local Area Connection
5. Left click Properties
6. Click on Internet Protocol Version 4
7. Click Properties
8. Click on Obtain an IP address automatically
9. Click on Obtain DNS server address automatically
10. Click OK to accept new settings

Close all windows that remain open

WINDOWS VISTA

1. Click Start
2. Right click Network
3. Left click Properties
4. Click Manage Network Connections on the left hand side of screen
5. Right click Local Area Connection
6. Left click Properties
7. Click on Internet Protocol Version 4
8. Click Properties
9. Click on Obtain an IP address automatically
10. Click on Obtain DNS server address automatically
11. Click OK to accept new settings

Close all windows that remain open

WINDOWS XP

1. Click Start
2. Click Control Panel
3. Click Network Connections
4. Right click Local Area Connection
5. Click Properties
6. Click on Internet Protocol
7. Click Properties
8. Click Obtain an IP address automatically
9. Click Obtain DNS server address automatically
10. Click OK to accept new settings

Close all windows that remain open

INTRODUCTION

This section includes your rights and responsibilities as a consumer of local telephone services in Illinois. It does not cover long-distance or pay telephone service.

Your phone company is committed to following the rules set by the Illinois Commerce Commission (ICC) in its delivery of service, billing and creation of terms for payment. Copies of these rules are available from the ICC.

As a consumer, you have the right to expect safe, reliable and uninterrupted service and to be charged for only the amount of service you use. As your service provider, we expect you to promptly pay for the service you use.

ESTABLISHING SERVICE

To begin local service, please contact us at 309-944-2103 or 1-800-852-3611. Please be prepared to provide our representative with the following information:

- Your full name and the street address where you want service, including apartment number if needed.
- How you want your name to be listed in the next edition of the telephone directory.
- Credit information, including employment or source of income.

New basic local exchange service must be installed within five business days unless otherwise requested by the customer. If this standard is not met, the customer will be given a credit equal to ½ of the normal installation charge. If this standard is not met by the 10th business day following the original requested installation date, the customer will be given a credit equal to 100% of the normal installation charge.

INSTALLATION CHARGES

Connection charges cover the cost of processing your order and connecting your service to the network. Your service representative can tell you exactly which rates apply to you.

Charges for work on your premises covers the actual cost of work-time needed to install, move or change the wiring for one and two-line phone sets within the customer's premises during normal

business hours. There is a minimum charge for the first 30 minutes or less, with additional time billed for remaining hours. We also charge for materials. (These charges are in addition to a service order processing charge.) There is an additional charge if the work requires two or more service people and/or special machinery.

HOW CAN I TEMPORARILY STOP PHONE SERVICE WHEN I'M OUT OF TOWN?

You can have your home telephone service temporarily suspended. Service can be restored on short notice when you return. You can also request your calls be referred to another number. Simply call our Business Office at 309-944-2103.

BILLING AND PAYMENT INFORMATION

Charges for local service and equipment are billed one month in advance. Long distance calls are billed for the month prior to your current bill date. Other charges for optional features, service orders, change in service, and installation will also appear.

Telephone bills are sent monthly and are due within 21 days from the billing date. If you do not wish to receive certain services, you must contact us within 20 days after receiving your first bill so we can remove them from your account.

The billing date and due date are shown on your bill. Payments not posted by the due date are considered delinquent and will be assessed a late fee.

Delinquent accounts will be advised of a disconnect date by means of a disconnect notice. If the past due payment is not received before the disconnect date, service will be disconnected. If service is disconnected for non-payment, a reconnect charge will be billed, and/or an applicable deposit will be required to restore service.

Accounts are temporarily disconnected for 10 days. If the bill is not paid by then, service is permanently disconnected. An application for new service will be required and new service charges will apply.

**Go Green
With eBilling and AutoPay**

**Sign Up Today at
www.Geneseo.com
click on "My Account"**

BILL PAYMENT

Payments can be made online at www.Geneseo.com then click on "My Account" or at the following locations:

- Geneseo: Geneseo Telephone Company
111 E. First Street, Geneseo, IL 61254

Payments can be made by cash, check or money order as well as Master Card, Visa or Discover. We also offer automatic payment service for having your phone bill charged directly to your bank account or charge card each month.

A fee will be charged for any check returned by the bank for non-sufficient funds.

If within any 12 month period we receive more than two payments returned for non-sufficient funds, we may place the account on a cash-only payment basis.

PREVIOUSLY UNBILLED SERVICE

All bills for service will be sent to you within one year of the date the service was supplied. You are not responsible for any amount of unbilled service after one year unless we have reason to believe you used a device or scheme to obtain service without payment. If you are unable to pay the entire amount for previously unbilled service, we will work out deferred payment arrangements with you.

TERMINATION OF SERVICE

We have the right to terminate service for any of the following reasons:

- Nonpayment of a bill.
- Defaulting on a deferred payment agreement.
- Not allowing telephone company employees access to company-owned equipment after we have made a written request to do so.
- If use of your equipment adversely affects our service to others.
- If we have reason to believe you are using a device or scheme to obtain service without payment.

- If you do not follow municipal ordinances or other laws regarding telephone service.
- If you do not follow rules established by the ICC.

If we disconnect your service, we will send you a "Final Notice" at least eight days before the date your service will be shut off. We also will attempt to contact you by phone before the service is to be disconnected to advise you. If your service is disconnected for non-payment, a reconnect charge will be billed.

SERVICE INTERRUPTION CREDIT

If basic local exchange service has been interrupted and remains out for more than 30 hours after we receive notice, we will make an appropriate adjustment. Adjustments are based on the number of days a customer is out of complete basic local exchange service

30-48 hours	prorated credit
49-72 hours	33% recurring monthly charges
73-96 hours	67% recurring monthly charges
97-120 hours	100% recurring monthly charges
121+ hours	\$20 per day

The Service Interruption Credit includes custom calling features, but excludes the federal subscriber line charge, 911 service, directory, and any long distance charges.

SCHEDULED APPOINTMENTS

If scheduled appointments for installation and repair of basic local exchange service are not met, a \$25 credit per missed appointment will be issued. It does not apply if the telephone company gives the customer ICC defined notice of their inability to keep the appointment, regardless of reason. Additionally, should the service technicians meet a scheduled appointment but the customer is not available or unwilling to accept service, a \$50 service charge will apply. This charge does not apply if the customer gives the telephone company 24-hour notice of their inability to keep the scheduled appointment.

EXEMPTIONS

Neither the rules nor credits listed in this directory apply if the violation of a service quality standard occurs as a result of:

- Negligent or willful act of a customer.
- A malfunction of customer owned telephone equipment or inside wire, regardless if customer has an inside wire maintenance plan.
- An emergency situation.
- The inability to gain access to customers premise due to customer missing the appointment.
- A customer request to change an already scheduled appointment.
- The customer refusing access to the premises.
- The lack of facilities at a geographically remote location.

Your telephone company historically has not had any difficulties meeting these standards and will continue to abide by all legislative rules.

DISPUTE RESOLUTION

If you have a question about your bill, please contact us first. If the representative cannot resolve the issue, please ask to speak with our Business Office Manager.

If your complaint involves a bill, we will not shut off service if you: pay the undisputed portion of the bill; pay all future bills by the due date; and discuss the dispute with us as quickly as possible.

If a solution is not satisfactory, you have the right to contact the ICC's Consumer Services Division.

FORMAL COMPLAINTS

If we are unable to reach an agreement with you on a disputed issue, you have the right to file a formal complaint with the ICC.

CONSUMER RIGHTS

Our Customer Service Specialists are responsible for answering your questions and resolving any problems you may have. Most inquiries and complaints can be cared for with one call.

If you're not satisfied and you don't think the Customer Service Specialist has handled things fairly and properly, ask to talk with the Business Office Manager.

TELEPHONE NUMBERS

The subscriber has no property right to the telephone number or any right to continuance of service through any particular central office. The telephone company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it necessary in the conduct of its business.

USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residential telephone service is installed with the understanding that it will be used for normal social or domestic purposes.

Residential telephone service will be changed to business service if used primarily or substantially for business purposes, or if the residential telephone number is advertised in connection with the sale of products or services. This number cannot revert to residential status until the directory issue of the following year.

FREQUENTLY ASKED QUESTIONS

HOW CAN I PUT BLOCKS ON MY NUMBER?

You may call the Business Office and request a 900 block, collect call block, 3rd number block or international call block.

HOW CAN I TEMPORARILY STOP PHONE SERVICE WHEN I'M OUT OF TOWN?

You can have your home telephone service temporarily suspended. Service can be restored on short notice when you return. You can also request your calls be referred to another number. Simply call our Business Office at 309-944-2103.

HOW CAN I AVOID DAMAGE TO PHONE LINES WHEN I DIG OR DRILL UNDERGROUND?

Contact the Joint Utility Locating Information for Excavators. (JULIE) Call toll-free 1-800-892-0123, or 811.

PREFERRED CARRIER FREEZE

Slamming is changing a telephone subscriber's long distance carrier without his or her permission. We offer our customers the option of authorizing a "Preferred Carrier Freeze." With this freeze in place, your long distance carrier cannot be changed without your permission. There is no charge for this service. For more information contact our Business Office at 309-944-2103.

Phone Features

Quick Reference Guide

Detailed instructions for Calling Features begin on page 48.

**not available on fiber phone service.*

-  **Anonymous Call Rejection (*77)**
Allows you to block calls that are blocked from being displayed on your caller ID unit.
-  **Automatic Callback (*66)**
Keeps trying to call a busy number for up to 30 minutes.
-  **Automatic Recall (*69)**
Allows you to easily return a call to your last caller - even if you didn't answer.
-  **Call Forwarding Basic (*72)**
Allows all your calls to follow you to a different number.
-  **Call Forward Busy (*90)**
Allows calls to forward to a different number if your line is busy.
-  **Call Forward No Answer (*92)**
Allows calls to forward to a different number if your line is not answered.
-  **Call Forward - Remote Access**
Allows you to activate and deactivate call forwarding from any touchtone phone.
-  **Calling Name Delivery**
Allows you to see the name calling before you answer.
-  **Calling Number Delivery**
Lets you see the number calling before you answer.
-  **Call Waiting on Caller ID Name and Number**
Allows you to see the name and number of a waiting call.
-  **Caller Name and Number Suppression**
Prevents customer's name and number from displaying on called party's ID unit.
-  **Call Trace (*57)**
Will trace the last incoming call received.
-  **Call Transfer**
Allows you to transfer an existing call to another phone.
-  **Call Waiting**
A special tone alerts you to a waiting call.
-  **Cancel Call Waiting (*70)** *No charge when subscribed to call waiting.*
"Turn off" call waiting before making a call.
-  **Call Within**
Allows you to call back and make the home number ring.
-  ***Distinctive Ringing (*61)**
Allows you to create a list of numbers that will ring distinctively to you.
-  ***Double Number Ring Service**
Gives you a different number that when called will ring distinctively on your line.
-  **Find Me Service**
Allows a pre-defined group of up to 5 Directory Numbers to be alerted simultaneously when your phone number is dialed. The first phone line that answers gets the call.
-  **Selective Call Acceptance (*64)**
Allows you to get calls from selected numbers only.
-  **Selective Call Forwarding (*63)**
Allows calls from selected numbers to follow you to a different number.
-  **Selective Call Rejection (*60)**
Allows you to block calls from a selected list of numbers.
-  **Smart Voice (*92)**
Answers calls, takes messages and alerts you of a waiting message.
-  **Speed Calling 8/30**
Allows you to quickly dial 8 frequently called numbers by pressing a one-digit code.
Allows you to dial 30 frequently called numbers using a two-digit code.
-  **Three-Way Calling**
Allows you to talk with two people in different places at the same time.
-  **Warm Line**
Dials a predetermined number after being off the hook for 30 seconds.

Basic Smart Voice Mail Package

- **Message Retention** SmartVoice messages will be stored for 30 days
- **Announce Caller** Provides announcement of the calling party's directory number
- **Announce New Message** Allows SmartVoice subscribers to hear their first new message without being required to press a key on the keypad
- **Edit Message** Allows the person leaving a message to listen, re-record, add to the end, or cancel their message. After the custom greeting callers will hear, "When you are finished recording, press # for further options or simply hang up."
- **Express Messaging** Allows a message to be left without ringing the phone of the person receiving the message
- **Full Mailbox Warning** Notifies the SmartVoice subscriber when their mailbox is full and warns that new messages will not be recorded until messages have been deleted from the mailbox
- **Message Forwarding with Introduction** When SmartVoice subscribers forward a message, this feature allows them to record an introduction to the message before it is sent to another mailbox or to a distribution list
- **Record Messages for Future Delivery** SmartVoice subscribers can record a message and schedule it for future delivery
- **Message Tagging** When leaving messages, callers can tag their message as:
Urgent – Message will be played before other regular messages
Private – Message can not be forwarded.
- **Message Storage** SmartVoice subscribers will have 10 minutes of storage
- **Sub-mailboxes** Up to 8 additional boxes may be added for family members or employees. Sub-mailboxes have private greetings and passwords
- **Message Waiting Indicator** SmartVoice subscribers hear a "stutter" dial tone to indicate when they have new messages
- **Multiple Greetings** SmartVoice subscribers may record up to ten different greetings and select the active greeting. For example, subscribers can record a regular greeting and an 'out of office' greeting

Ala Carte Smart Voice Features

Call for
More Details
309-944-2103

- **Administration Only Mailbox** Allows a SmartVoice mailbox without an associated telephone number (Requires Remote Call Forwarding)
- **Distribution List** Allows SmartVoice subscribers to forward or send messages to a designated group of voice mail users
- **Out Dial** Allows the caller listening to a SmartVoice greeting to transfer to another pre-programmed number. Example: "Leave a message or press '0' (zero) to be connected to my cell phone."
- **E-Forward with Number ID** Allows SmartVoice messages to be sent to the subscriber's E-mail address
- **Remote Notification** Allows SmartVoice subscribers to receive notification via pager or another phone of all voice messages, or just those marked "urgent" at the SmartVoice subscriber's option
- **Manage My Phone** Allows subscribers to access their SmartVoice messages and personal settings from the web. Subscribers have access to listen to their voice messages, save or delete them, change their password, E-mail notification address, personal distribution lists and pager notification
- **Phone Central** Allows subscribers quick and easy access to their SmartVoice messages and personal settings using software loaded on their personal computer. As with Manage My Phone, subscribers have access to listen to their voice messages, save or delete them, change their password, email notification address, personal distribution lists and pager notification
- **Associated Numbers** Allows multiple phone numbers to share the same SmartVoice mailbox
- **Additional Minutes** Adds additional message storage time

The telephone is a big part of your life, both at home and at work. It can be an extremely helpful tool. Custom and Class features give you the power to stay in touch wherever you are, making your phone an effective communications instrument. On the next few pages you will find helpful descriptions and instructions for Geneseo Telephone Company's line of custom and class features. To add a service to your line, call our Business Office at 309-944-2103.

Anonymous Call Rejection

This service will route any incoming call that has its telephone number blocked, to a recording. Your phone will not ring.

To activate the service:

1. Listen for dial tone.
2. Press *77 (1177 on rotary dial).
3. Listen for confirmation announcement.
4. Then hang up.

Callers will hear the following message telling them you are not accepting calls that are blocked. "Please remove the block and call again."

To deactivate the service:

1. Listen for dial tone.
2. Press *87 (1187 on rotary dial).
3. Listen for announcement.
4. Then hang up.

Automatic Callback

Calls back the last number you dialed. If number is busy, the system will continue to attempt the call for up to 30 minutes and lets you know when the call can be completed.

To activate the service:

Press *66 (1166 on rotary dial).
The system will alert you when call can be completed.

To deactivate the service:

Press *86 (1186 on rotary dial).
If party doesn't answer, will not call back.

Automatic Recall

Announces the telephone number of the last unanswered call you received and automatically dials that number if you wish.

To activate the service:

Press *69 (1169 on rotary dial).

A recorded voice will announce the number of the last unanswered call and instruct you how to proceed.

To deactivate the service:

Press *89 (1189 on rotary dial).

Call Forwarding Basic

Call forwarding basic gives you the ability to transfer your calls to another phone. This feature must be activated and deactivated from the service number.

To activate the service:

1. Press *72 (1172 on rotary dial).
2. Dial the number that will be accepting your calls.
3. You will hear two short tones, then normal ringing.
4. When someone answers the phone, Call Forwarding is working. Let that person know they will be receiving your calls if your line is busy, or there is no answer.
5. If no one answers at the number you are forwarding your calls to, hang up and repeat the first two steps. Even if no one answers, Call Forwarding will be working after the second try.

Your phone will ring briefly each time your number is called. You cannot answer the calls. The ring is just a reminder that Call Forwarding is working.

You will be charged long distance rates for any calls forwarded from your number to a number outside your local calling area.

You can still call out even when your incoming calls are being forwarded.

To deactivate the service:

1. Listen for dial tone.
2. Press *73 (1173 on rotary dial).

Call Forward Busy

You can have your calls forwarded to another number anytime your line is busy:

To activate the service:

1. Press *90 (1190 on rotary dial).
2. Listen for the second dial tone.
3. Dial the number you want calls forwarded to. Call Forward Busy is activated when that number answers.
4. If no answer, or line is busy, hang up, then repeat steps above within 2 minutes. You will hear 2 short tones meaning Call Forward Busy is activated.

To deactivate the service:

1. Press *91 (1191 on rotary dial).
2. Listen for 2 short tones.
3. Then hang up.

To change forwarding number

Simply deactivate the feature, then reactivate it using the new forwarding number.

Call Forward No Answer

You can have all your calls forwarded to another number when you are unable to answer your phone:

To activate the service:

1. Press *92 (1192 on rotary dial).
2. Listen for second dial tone.
3. Press the number of rings (2-9) you want the phone to ring followed immediately by the number you want your calls forwarded to.
4. Dial the number you wish to forward your unanswered calls to. If no one answers the number you are forwarding your calls to, or that line is busy, hang up, and repeat steps above within 2 minutes. You will hear 2 short tones meaning Call Forward No Answer is activated.

To deactivate the service:

1. Press *93 (1193 on rotary dial).
2. Listen for 2 short tones.
3. Then hang up.

To change the forwarded number:

Simply deactivate the feature, then reactivate it with the new forwarded number.

To change the number of rings:

- Deactivate (*93) then reactivate following the instructions on how to activate the service using the new number of rings.

Call Forward Remote Access

Call forward remote access gives you the ability to program your Call Forwarding from any place in the world where you have access to a touch tone telephone.

Access Directory Numbers:

944, 945 & 946 Customers	309-944-9990
949 Customers	309-949-9990
441 Customers	309-441-9990
936 Customers	309-936-9990
937 Customers	309-937-9990
522 Customers	309-522-9990
521 Customers	309-521-9990
935 Customers	309-935-9990

To program your call forwarding:

1. Dial the dedicated access number provided by your telephone company (listed above).
2. Listen for ring, 3 beeps, then the special dial tone.
3. Dial the seven digit number of your phone with the call forwarding service.
4. Then immediately dial your 5 digit PIN.
5. Listen for special dial tone. You now have remote access.

To activate the service:

1. Press *72 (1172 on rotary dial).
2. Listen for special dial tone.
3. Dial the number you want your calls to forwarded to.
4. Wait for confirmation tone.
5. Hang up.

To deactivate the service:

1. Press *73 (1173 on rotary dial).
2. Listen for 2 short tones.
3. Then hang up.

To change the forwarded number:

Simply follow the steps to obtain remote access and then activate just as if your phone was not already forwarded.

Call Transfer

Using Call Transfer, you can transfer a call in progress to another number.
 Note: This Service requires the 3-Way Calling Feature.

To transfer a call:

1. Quickly press and release the switch hook to put your first call on hold.
2. You will hear a special dial tone.
3. Dial number you wish to transfer call to.
4. Hang up.

If you wish to be part of the conversation prior to the transfer, don't hang up and you are now in **Three-Way Calling**. You cannot transfer two long distance calls.

Call Waiting

You can answer a second call while you're already on the phone. You know someone is trying to call you when you hear a short tone.

- If you don't answer the first tone, you'll hear another one in ten seconds.
- If you want to end the first conversation and begin the second, just hang up.
- Your telephone will immediately ring with the second call.

If you want to answer the second call without ending the first, press and release the switch hook quickly.

The first call will be put on hold while you are connected to the second call.

To return to the first call:

Press and release the switch hook again. You can switch back and forth between calls as often as you like.

Cancel Call Waiting

When you want to place a call and NOT have it interrupted, you can temporarily cancel your Call Waiting feature.

To cancel call waiting before placing your call:

1. Press *70 (1170 on rotary dial).
2. Listen for the special dial tone.
3. Dial the number you are calling.

To cancel call waiting during a call:

(You must have three-way calling)

1. Place your call on hold by quickly pressing and releasing the switch hook.
2. Listen for the special dial tone.
3. Press *70 (1170 on rotary dial).
4. Listen for 2 short tones.
5. Then quickly press and release the switch hook and you are back with your call.

When you hang up, Call Waiting is automatically reactivated.

Call Within

Lets you use the telephone in your house or business like an intercom.

To use this service:

1. Dial your own telephone number.
2. Hang up and your phone will ring.
3. When someone answers the ringing stops and you can pick up and talk.

Caller ID

Calling number is displayed to the person being called while the phone is ringing. You will need a Caller ID capable phone for this feature to work.

Caller ID On Call Waiting

Calling number is displayed to the person being called at the time of the call waiting tone.

Caller ID/Name Blocking

The codes listed below must be dialed PRIOR to placing your call.

- Pressing *67 (1167 on rotary dial) blocks your number from appearing on the called party's caller ID unit for the current call.
- Pressing *68 (1168 on rotary dial) blocks your name from appearing on the called party's caller ID unit for the current call.
- Pressing *81 (1181 on rotary dial) will remove the name and number block on a Non-Published number for the current call. The name and number will then display to the called party's caller ID unit.
- Pressing *82 (1182 on rotary dial) blocks both name and number from appearing on the called party's caller ID unit for the current call. *82 is automatic for a Non-Published number. (Dial the code prior to placing your call.)

Calling Name Delivery

Calling name is displayed to the person being called while phone is ringing. You will need a Caller ID capable phone for this feature to work.

Calling Name Delivery On Call Waiting

Calling name is displayed to the person being called at the time of the call waiting tone. You will need a Caller ID capable phone for this feature to work.

Customer Originated Trace

If you receive an obscene, harassing, threatening, etc. phone call, you can immediately trace that call. Trace information will be recorded at the Telephone Company and released to law enforcement officials only. There is a charge per occurrence for Customer Originated Trace.

Before initiating the customer originated trace, please note the time of the call. After you hang up from the call you want traced immediately do the following:

To initiate a call trace:

1. Pick up phone and listen for dial tone.
2. Press *57 (1157 on rotary dial).
3. Follow recorded instructions.

Distinctive Ringing

Distinctive ringing / call waiting allows you to define a list of up to 32 calling numbers that will provide a special incoming ring. Any incoming call from numbers on this list will be indicated by a distinctive ringing pattern or a distinctive call waiting tone if you also subscribe to Call Waiting. (Not available on fiber phone service.)

To activate the service:

1. Press *61 (1161 on rotary dial).
2. Listen for an announcement stating that this feature is either on or off.
3. An announcement will then tell you how many (if any) numbers are currently stored on your list.
4. You'll then be instructed to press 3 to turn the feature on (if it's off) or off (if it's on).

To add a number to the list:

1. Dial #.
2. Follow recorded instructions.

To remove a number from the list:

1. Dial *.
2. Follow recorded instructions.

To hear the current list of numbers:

1. Dial 1.
2. Follow the instructions.

To hear instructions again:

Dial 0.

When you receive a call from a number on the list, you'll hear a special ring. All other calls will have a normal ringing pattern.

If you have call waiting and receive a call from a number on the list while on another call, you'll hear two short tones. All other calls will be announced with the normal call waiting tone.

Double Number Ring

A second number with a distinctive ring pattern for your teens, business, or fax machine. (Not available on fiber phone service.)

Find Me Service

Stay within reach and never miss another important phone call. Find Me Service allows you to program up to four additional telephone numbers to ring at the same time.

Integrate your home, office and wireless phone so your callers can reach you no matter where you are. A call to your home can ring your wireless phone, your office phone and your lake cabin - all at the same time. The first one to answer accepts the call.

To setup and update the service:

(From the number the service is on)

1. Press *55 (1155 on rotary dial)
2. Follow the instructions

For remote access:

1. Dial 309 + prefix + 9950 (e.g. 3094419950).
2. Listen for 3 short tones followed by dial tone.
3. Enter your 7 digit telephone number followed by the # key.
4. Enter your 4 digit pin number.
5. Listen for 3 short tones followed by dial tone.
6. Press *55 (1155 on rotary dial).
7. Follow the instructions.

Selective Call Acceptance

Allows calls only from numbers you designate.

To use the service:

1. Press *64 (1164 on rotary dial).
2. Follow the instructions.

Selective Call Forwarding

Forwards only calls from numbers you designate. Other calls ring to your phone normally.

To activate the service:

1. Press *63 (1163 on rotary dial).
2. Follow the instructions.

Selective Call Rejection

Allows you to block calls from up to 32 numbers which originate from numbers you designate.

To activate the service:

1. Press *60 (1160 on rotary dial).
2. Follow recorded instructions.

Speed Calling

Touch a button or two on your phone and be connected to frequently called numbers in an instant. You can get Speed Calling for 8 or 30 numbers. These numbers can be local or long distance.

Setting up speed calling for 8-call service:

1. Press *74 (1174 on rotary dial) .
2. Listen for dial tone.
3. Dial the code (2 thru 9) and the complete telephone number it will represent.
4. Listen for a confirmation tone.

Be sure to include the area code if it is different from your own.

To call that number, dial the single digit you have selected as a code. If you have Digitone Service, also press the # sign to save time.

Setting up speed calling for 30-call service:

1. Press *75 (1175 on rotary dial) .
2. Listen for dial tone.
3. Dial the code (20 thru 49) and complete the telephone number it will represent.
4. Dial # (omit this step on rotary dial).
5. Listen for a confirmation tone.

Include the area code if it's different from your own.

To call that number: Dial the two digits you have selected as a code. If you have Digitone Service, press the # sign to save more time. Keep a current list of all your codes and numbers they represent.

Three-Way Calling

Three-way calling allows you to add a third party to a local or long distance call.

To add a third person to your conversation:

1. Quickly press and release the switch hook to put your first call on hold.
2. Listen for a special dial tone.
3. Dial the number of the third person you wish to add to the call.

When someone answers, only you will be able to talk with that person.

To begin the three-way call: Press and release the switch hook. Now, all three of you are on the line.

If the line is busy or you get no answer, you can return to the original call by pressing and releasing the switch hook.

If the first person you were talking with hangs up, you can add another caller by repeating the steps above.

To disconnect the third person: Press the switch hook twice. Your line is then free to add a different third party by repeating the previous steps. Three-Way Calling works whether you have received or made the first call. Everyone is disconnected when you hang up.

OPTIONAL CALLING SERVICES

Welcome to the newest in innovative voice messaging systems. The Smart Voice system is an upgrade from standard voice mail. This system can be accessed via phone, computer, PDA, and the web. You also have the ability to check messages from anywhere at anytime, not just from home. This advanced system can send you an E-mail at work or notify your cell phone when you have a new voice mail at home.

Smart Voice

To Activate

1. Dial *92 (Non-Published numbers dial *81*92).
2. Listen for a special dial tone.
3. Enter the number of rings (2-9) you want the phone to ring before Smart Voice answers for you.
4. Dial 309-944-9925.

To Deactivate

Dial *93.

To Change # of Rings

1. Deactivate - Dial *93.
2. Reactivate with new number of rings following instructions under Smart Voice To Activate (above).

Call Forward Busy

Forwards calls to Smart Voice when your line is busy.

To Activate

1. Dial *90 (non-published numbers need to dial *81, then *90).
2. Listen for a special dial tone.
3. Dial 309-944-9925.

To Deactivate

Dial *91.

Access Voice Mail Anywhere

1. Dial 309-944-9925 locally to retrieve voice mail from anywhere in the United States.*
2. Enter your 7-digit mailbox number and then #.
3. Enter your password and then #. Your default password is 0000 (four zeros).

* If the phone you are using has SmartVoice, dial your phone number, when the greeting starts press *, when prompted enter your password and then #.

Change Your Password

Your password is any series of up to 16 digits you choose. You will be unable to access your mailbox without this password, so be sure to choose one you will remember.

1. Access your voice mailbox.
2. Press 9 for the mailbox setup menu.
3. Press 2 to change your password.
4. Enter your new password and then press #.
5. When prompted to verify the password, enter it again and then press #.

Record Your Greeting

You can disregard this step if you choose to use the default greeting.

1. Access your voice mailbox.
2. Press 9 to set up your voice mailbox.
3. Press 1 for greeting options.
4. Press 2 to re-record your greeting.
5. Record your greeting and then press #. Your greeting is automatically saved.

Create Multiple Greetings

Continue from the steps above.

6. Press 5 to pick a new greeting. Then choose a new greeting # (2-9).
7. Press 2 to record your greeting.
8. Record your greeting and then press #. Your greeting is automatically saved.
9. Repeat steps 6 through 9, choosing a different greeting # each time.
10. Press 5 to pick a new greeting. Then choose the greeting that you wish to become active.

Record Group Greeting

For sub-mailbox users.

11. Dial 309-944-9925.
12. Listen to the recording explaining that you must record a group greeting.
13. Wait until the end of the recording, then press * to administer the group greeting.
14. Enter your password and then #.
15. Press 4 to record your group greeting.
16. Record your greeting. When finished recording, press #. For example, *“You have reached the Doe residence. To leave a message for John, press 1. To leave a message for Jane, press 2.”*
17. Press 2 to keep your greeting.

Retrieve Messages

Access your voice mailbox.

1. Your first new message may play immediately. If not, press 1 to listen to your messages. You will hear the announcement *“You have x new messages and x saved messages.”*
2. Press 1 to listen to new messages.
3. Press 2 to listen to saved messages

When retrieving messages, you can:

- Press 1 to play the message again.
- Press 2 to save the message and play the next.
- Press 3 to delete the message and play the next.
- Press 4 to save the message as new.
- Press 5 to reply to the message.
- Press 6 to forward the message to another mailbox.
- Press 7 to skip back 3 seconds.
- Press 8 to pause the message or continue.
- Press 9 to skip forward 3 seconds.

Note: Messages are saved on the system for 30 days, then deleted.

Retrieve Messages From Sub-Mailbox

1. Dial 309-944-9925.
2. Enter your 7-digit mailbox number.
3. Press your mailbox ID. (This is your sub-mailbox number 1 though 9.)
4. Enter your sub-mailbox password then press #. (Each sub-mailbox has its own password. The default password is 0000 (four zeros).
5. Your first new message may play immediately. If not, press 1 to listen to your messages. You will hear the announcement *“You have x new messages and x saved messages.”*
6. Press 1 to listen to new messages.
7. Press 2 to listen to saved messages.

Phone Central

Phone Central allows Voice Mail subscribers to manage their Voice Mail service settings from their PC. Subscribers have access to listen to their voice messages, save or delete messages, and change personal configuration settings for their PIN, E-mail notification address, personal distribution lists, and pager notification.

Change Your Phone Central Password

1. In Phone Central, open the Settings menu.
2. Click Change Password.
3. Enter your new password in the ‘New Password’ field.
4. Enter your new password again in the ‘Confirm Password’ field.
5. Click Save.

Set Phone Central to be Visible When You Start Your PC

1. In Phone Central, open the Settings menu.
2. Click Preferences.
3. Check the box ‘Start Visible’.
4. Click Save.

Set Phone Central to Run Automatically When You Log On to the PC

1. In Phone Central, open the Settings menu.
2. Click Preferences.
3. Check the box 'Run at Startup'.
4. Check the button 'Just for Me'.
5. Click Save.

Set Phone Central to Run Automatically on the PC No Matter Who Logs On to the PC

1. In Phone Central, open the Settings menu.
2. Click Preferences.
3. Check the box 'Run at Startup'.
4. Check the button 'For Everyone'.
5. Click Save.

Play Voice Mail Messages in Phone Central

1. In Phone Central, open the Voice Mail menu.
2. Click Messages.
3. Either double-click the message you want to play OR,
4. Highlight the message you want to play and click the PLAY button (green arrow) OR,
5. Select the message, right-click on it, and select 'Play Selected Message'.

Save Voice Mail Messages in Phone Central

1. When you have played a voice mail message, click the SAVE MESSAGE button (the envelope icon) OR,
2. Select the message, right-click on it, and select 'Save Selected Message'.

Delete Voice Mail Messages in Phone Central

1. When you have played a voice mail message, click the DELETE MESSAGE button (the envelope icon with the red x). OR,
2. Select the message, right-click on it and select 'Delete Selected Message'.

Change Your Voice Mail PIN From Phone Central

1. In Phone Central, open the Voice Mail menu.
2. Click Settings.
3. Click the General Settings tab.
4. Enter your new PIN in the 'PIN' field.
5. Click Save.

Change the Current Voice Mail Greeting in Phone Central

In Phone Central, open the Voice Mail menu.

1. Click Settings.
2. Click the Custom Greetings tab.
3. Right-click on the greeting you want to make current and select 'Set as Current Greeting'.
4. Click Save.

Add a Custom Greeting in Phone Central

In Phone Central, open the Voice Mail menu.

1. Click Settings.
2. Click the Custom Greetings tab.
3. Click Add.
4. Enter a Greeting Title.
5. Click the Browse button and locate the greeting.
6. Click Accept.
7. Make the greeting your current greeting if needed.
8. Click Save.

Set Phone Central to Notify You of New Messages

1. In Phone Central, open the Voice Mail menu.
2. Click Notifications.
3. Click the New Msg Notify tab.
4. Check the box 'Enable New Voice Mail Popup Notification' to show a screen pop up AND/OR,
5. Check the box 'Play Sound on New Voice Mail' to play a sound.
6. Click Save.

e-Forward

e-Forward allows subscribers to receive voice mail messages via email. When the subscriber opens the e-mail message, they can listen to the message, save it on the hard drive, or delete it. Because the message is simply an audio file attached to an e-mail message, it's possible to forward the message to anyone via e-mail.

Similar to caller ID, the e-mail may only show the number, city/state, out of area or unknown.

Click on the attachment to listen to the message. Click the Save Message link to save the message on your voice mail service. This will NOT affect the e-mail. It will remain in your e-mails until you remove it just like any other e-mail you receive.

Click the Delete Message link to delete the message from your voice mail service. This will PERMANENTLY DELETE the message from your voice mail service. This will NOT affect the e-mail. It will remain in your e-mails until you remove it like any other e-mail you receive.
